

IMAGO

Expanded Learning Summer Enrichment

Scalable, Age-Aligned Summer Learning Solutions (TK-12)

IMAGO Summer Enrichment is **hands-on, truly fun** and **focused on skills that matter**. Through games, challenges, and authentic discussions, students build confidence, communication, and teamwork they'll use right away in school, work, and life.

Program at a Glance

Instructional Time: Up to 20 hours total

Schedule-Friendly: Designed to fit existing summer calendars

Capacity: Up to 30 students (age dependent)

Materials: All materials included

Instructional Model: Experience-first, hands-on learning

Implementation Options:

- **IMAGO-Led:** IMAGO facilitators deliver programming
- **IMAGO-Trained:** District or site staff implement with IMAGO training and materials

Grounded in Universal Design for Learning, we embed literacy and logic standards to align with district learning goals.

WHY

IMAGO

Our programs translate district goals into observable, practiced, and measurable student behaviors—delivering a flexible, turnkey, and scalable summer enrichment solution across all grade levels.

High-impact, summer enrichment solutions that:

1.

Fits existing schedules

2.

Reduces planning and staffing strain

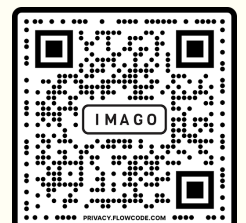

3.

Delivers measurable outcomes

4.

Builds future-ready students at every grade level
